## AIR CREEBEC EVENT AT ROUYN-NORANDA AIRPORT

**Val-d'Or, January 24, 2019** - Air Creebec experienced an event which resulted in damage to one of its Dash-8 aircraft on Wednesday, January 23 at 21:37 local time at the Rouyn-Noranda airport. The event occurred during takeoff and resulted in the aircraft being forced to reject the takeoff, which caused the aircraft to partially leave the runway area. The event has been reported to the Transportation Board and we are actively investigating the incident.

### **About the company**

Founded in 1982, Air Creebec is a regional airline based in Waskaganish, Québec. The airline offers regular flights, charters and cargo services in Quebec and Ontario. Air Creebec is based principally at the Val-d'Or, Montreal and Timmins airports, and also has hubs in Waskaganish, Chisasibi and Moosonee.
