Rule 5: Application of Tariff

(A) General

1. This Tariff is applicable to the transportation of passengers and their accompanying baggage using aircraft operated by Air Creebec inc.
2. With the approval of the CTA, the carrier may enter into code-share agreements with other air carriers whereby it will market, as its own, flights operated by those other carriers. In such cases, this tariff is applicable to the transportation of passengers and their baggage on all flights operated by other carriers yet marketed and sold as Air Creebec inc.

The obligations of the Carrier under the APPR form part of the tariff and supersede any incompatible or inconsistent term and condition of carriage set out in the tariff to the extent of such inconsistency or incompatibility, but do not relieve the Carrier from applying terms and conditions of carriage that are more favorable to the passenger than the obligations set out in the APPR .

3. Should any of the provisions of these Rules or the provisions of the APPR be contrary to the Montreal Convention, or, where applicable, the Warsaw Convention, or to the provisions of the Transportation Modernization Act, the provisions of the Montreal Convention, or, where applicable, the Warsaw Convention or the provisions of the Transportation Modernization Act shall prevail.
4. **Applicable to transportation originating in Canada:**
 - (a) Air transportation will be subject to the rules, rates, fares and charges published or referred to in this tariff in effect on the date which the ticket is issued,
5. Unless the fare rule governing a specific fare basis code applicable to the transportation purchased by the passenger states otherwise, the general rules contained in this tariff will apply.
6. The content of this tariff constitutes the contract between the carrier and the passenger. Should there be a conflict between this tariff and any other document issued or posted by the carrier, this tariff will prevail.
7. No agent, employee or representative of the carrier has the authority to alter, modify or waive any provisions of this tariff.
8. The carrier's rules, regulations and conditions of carriage as found in this tariff are subject to change without notice only when required by applicable laws, government regulations, orders and requirements.

9. The carrier will be responsible for the furnishing of transportation only over its own services, including those services offered via code-share arrangements where the flight is operated by another carrier. However, when the carrier issues a ticket, baggage check, or make any other arrangements for transportation over the services of any other carrier (whether or not such transportation is part of a through service), the carrier acts only as agent for such other carrier and the tariff of that other carrier will apply. Air Creebec inc. will assume no responsibility for the acts or omissions of such other carrier.

(B) Gratuitous Carriage

Except for the provisions of the Convention, the carrier reserves the right to exclude the application of all or any part of this tariff with respect to gratuitous carriage as stated in this tariff.

(C) Passenger Recourse

Any compensation offered to passengers is found in this tariff and is subject to applicable government regulations.

In the case of dispute with the air carrier, passengers should, as the first recourse, try to resolve any problem by dealing directly with the carrier. If the passenger has attempted to resolve a complaint with the carrier and is still not satisfied, the passenger may take the matter to either the Canadian Transportation Agency or the appropriate court, as the passenger prefers.

Rule 7: Protection of Personal Information

(A) Accountability

The carrier is responsible for personal information under its control

The carrier uses contractual means to ensure that the passenger's personal information is afforded protection whenever a third party service provider is used to perform services on the carrier's behalf, including, without limitation, services relating to information technology, data processing and storage, research, marketing, conducting surveys and customer relations. In some cases, these third party service providers may be located outside Canada and may be required to disclose information to government authorities in those countries.

Should the passenger have any questions regarding the carrier's policy with respect to the protection of personal information or concerns with respect to the carrier's handling of personal information, the carrier may be contacted at: info@aircreebec.ca.

(B) Identifying Purpose of Collection

When a passenger purchases an airline ticket or makes a flight booking, or when a third party does so on the passenger's behalf, the carrier will require that certain personal information related to the passenger be provided to complete the transaction. This may include the passenger's name, gender, address, e-mail address, telephone number, and information related to the passenger's form of payment. This information is required to identify the passenger, in order to contact the passenger, and to complete the purchasing process.

Information required by Government Authorities

There may be situations in which a carrier is required by government authorities to collect, use or disclose personal information about a passenger, without the passenger's knowledge or consent. Information that carriers are required to collect by government authorities, as a result of the passenger's boarding location and destination, may include: the passenger's full name; date of birth; citizenship; gender; passport number and country of issuance; visa number; permanent resident card number; the means by which the passenger paid for his or her flight; details as to how it was booked; and any other personal information collected by the carrier as set out in this policy or as required by such government authority.

Information collected for Additional Services or Marketing and Related Purposes

When a carrier is requested to provide additional services, for example, the provision of special meals, oxygen, and accommodation for passengers with disabilities or to oversee the travel of unaccompanied minors, etc. the carrier may collect additional personal information not otherwise required.

Personal information collected from passengers may also be used for marketing and related purposes.

(C) Consent

The carrier will collect, use and disclose personal information about the passenger with the passenger's knowledge and consent, unless otherwise required or allowed by law. Prior to collecting personal information, the carrier will identify the purposes for doing so and limit the collection, use and disclosure of personal information to those purposes.

Generally, the carrier will collect personal information from the passenger, and use it and disclose it with consent received from the passenger or from someone on the passenger's behalf.

If the carrier identifies a new purpose for using or disclosing the passenger's personal information, unless otherwise required by law, the carrier will contact the passenger to obtain his or her consent for the new use or disclosure and the carrier may use the passenger's contact information, including the passenger's e-mail address, to do so.

Withdrawal of Consent

A passenger may withdraw consent at any time, subject to legal or contractual restrictions and reasonable notice. The carrier will inform the passenger of the implications of such withdrawal.

Third Party Bookings and Changes to Bookings

If a third party, including a family member, friend, or work colleague, seeks to make a booking on a passenger's behalf, that third party may be asked to provide the carrier with the same personal information that the carrier would normally collect from the passenger directly in order to complete the transaction. Unless and until the carrier is advised otherwise, the carrier considers that such a third party has the passenger's consent and authorization to provide the carrier with the passenger's personal information and make bookings (and changes thereto) on the passenger's behalf in accordance with the carrier's privacy policy set out in this tariff. Please note that the collection, use and disclosure of the passenger's personal information by a third party is subject to the passenger's dealings with the third party and any applicable privacy policies and practices the third party may have.

If a third party who has booked the passenger's current flight or other travel service or who otherwise has the passenger's full name and booking reference, contacts the carrier and seeks information on the passenger's booking or wishes to make changes to

It, the carrier will disclose the passenger's booking information. The carrier will also allow such third party to make changes to the passenger's booking as the carrier will conclude that the passenger has given the third party his or her consent to do so. If the passenger does not want a third party to be able to obtain information on or make changes to the passenger's booking, the passenger should not share the passenger's booking reference with the third party.

(D) Limiting Collection

The carrier will limit the collection of personal information to that which is necessary to fulfill the purposes for which it was identified by the carrier.

Passengers who do not wish to be contacted about special offers or for marketing, research, and survey purposes or any other reason not directly linked to the provisions of purchased services on a specific flight, should advise the carrier of their preference at the time of booking.

(E) Limiting Use, Disclosure and Retention

The knowledge and consent of the passenger are required for the collection, use, or disclosure of personal information. If carrier uses personal information for a new purpose, the carrier must document it, inform the passenger and obtain the passenger's consent once again.

The carrier will not use or disclose the passenger's personal information for purposes other than those for which it was collected without the passenger's consent or as required by law. The passenger should understand that all carriers are required by security laws in several countries to give border control agencies access to passenger data. Accordingly, any information the carrier holds about a passenger and his or her travel arrangements may be disclosed to the appropriate authorities of any country on the passenger's itinerary.

Passenger information is retained for as long as necessary to fulfill the purposes for which it was collected or as required by law. Afterward, the information is destroyed, erased or made anonymous.

(F) Accuracy

Personal information will be as accurate, complete, and up-to-date as is necessary for the purposes for which it is to be used.

The carrier will provide the means to ensure that a passenger can update his/her personal information when necessary to do so.

(G) Safeguards

Personal information will be protected by the carrier through security safeguards appropriate to the sensitivity of the information.

(H) Openness

The carrier will make readily available to passenger specific information about its policies and practices relating to the management of personal information.

(I) Individual Access

Upon request, a passenger will be informed of the existence, use and disclosure of his or her personal information and will be given access to that information. The passenger will be able to challenge the accuracy and completeness of the information and have it amended as appropriate. Any request must be submitted via the following contact: info@aircreebec.ca.

All requests will require no more than 5 business days to process.

(J) Challenging Compliance

A passenger will be able to inquire or complain to the carrier about its compliance with its practices relating to the management of personal information. Inquiries or complaints may be sent to the designated individual(s) accountable for the carrier's compliance at the following address: dziedzice@aircreebec.ca

Rule 10: Application of Fares and Charges

(A) General

Applicable fares are those published by or on behalf of the carrier or, if not published, constructed in accordance with the carrier's tariff.

Fares and charges will apply only to air transportation between the points named on the ticket. Ground transfer services, unless otherwise specified in Rule 85, Ground Transfer Services, will be arranged by the passenger and at his/her own expense and are not subject to the terms of this tariff.

(B) Fares in Effect

1. Subject to government requirements and this tariff:

- (a) **Applicable to transportation within Canada:**

The applicable fare is the fare in effect on the date which the ticket is issued.

No increase in fares and charges will be collected or more restrictive conditions of carriage (including those related to baggage) applied in the event that an increase in fares and charges occurs or more restrictive conditions are imposed between the date of ticket issuance and the date of travel, provided:

- (i) The ticket is issued with confirmed reservations from a point of origin in Canada at fares and charges applicable on the date of ticket issuance for the date of commencement of travel; and,
- (ii) The confirmed ticketed reservations are not changed at the passenger's request. Should the passenger request a change to the ticketed reservations then the passenger will be obliged to pay the difference in the fares or be subject to the more restrictive conditions imposed as a result of the change; and
- (iii) Sale occurs and the ticket is issued in Canada.

If, after a ticket has been issued, a decrease in fares and charges applicable to the transportation covered by the ticket becomes effective, no refund in whole or in part of the original fare will be permitted unless otherwise specified in the applicable fare rule associated with the fare.

(b) **Applicable to all other transportation not outlined in 1.(a) above:**

The applicable fare is the fare in effect on the date of commencement of the carriage as indicated for the first flight segment of a ticket.

If, after a ticket has been issued and before any portion of the ticket has been used, an increase or decrease in the fares or charges applicable to the transportation covered by the tickets becomes effective, the full amount of such increase or decrease will be collected from, or refunded to, the passenger as the case may be.

When the amount collected is not the applicable fare, the difference shall be paid by the passenger or, as the case may be, refunded by the carrier, in accordance with this tariff.

1. Unless otherwise provided in the carrier's tariff, fares apply only to their associated routing. If there is more than one routing associated with a fare, the passenger, prior to their ticket being issued, may specify the routing they prefer. If no routing is specified, the carrier may determine the routing. *(See Rule 50, Routings)*
2. Where a fare is purchased from point of origin to the point where return travel commences, and that fare is less than a fare to an intermediate point enroute, the fare charged must be increased to at least the minimum fare applicable to any higher cost intermediate points.

(D) Taxes and Charges

Any tax or charge imposed by government or other authority, or by the operator of an airport, in respect of a passenger or the use by a passenger of any services or facilities will be in addition to the published fares and charges and will be payable by the passenger, except as otherwise provided in the carrier's tariff. *(See Rule 15, Taxes)*

(E) Currency of Fares and Fare Types

1. All fares and charges are stated in Canadian dollars for travel commencing in Canada.

Rule 15: Taxes

2. At the time of the ticket purchase, the passenger will be advised by the carrier of all the taxes appearing on the ticket.
3. Taxes will be shown separately on the ticket.
4. The conditions under which taxes are imposed, collected or refunded are established by the taxing authority (domestic or foreign) and in all cases will be respected. As a result, the carrier will either collect new or higher amounts or refund all or a portion of the tax paid based on the conditions imposed by the taxing authority.

Rule 35: Capacity Limitations

(A) General

1. A reservation for space on a given flight is valid only when the availability and allocation of that space is confirmed by the carrier and the passenger has paid the appropriate fare and a ticket has been issued for that space.
2. On any given flight, the carrier may limit the number of passengers carried at any given fare. All fares will not necessarily be available on all flights. The number of seats which the carrier shall make available on a given flight will be determined by the carrier's best judgment as to the anticipated total number of passengers on each flight.

Rule 40: Reservations

(A) General

1. A reservation for space on a given flight is valid when the availability and allocation of the space is entered into the carrier's reservation system and a confirmation number/code is obtained which authenticates the reservation.
2. The carrier will only issue a ticket against a valid reservation. Subject to payment or other satisfactory arrangement and passenger compliance with the check-in time limits set out in paragraph (F) below, a ticket will be issued to the passenger by the carrier or agent of the carrier indicating that the passenger is holding confirmed space for the flight(s) shown on the ticket. The ticket will only apply between the points named on the ticket and the flight coupons that are presented.
3. A passenger who is holding an unused open-date ticket or a portion of that ticket or an MCO for onward travel, or who wishes to change his or her reservation for another date will not be entitled to any preferential right to secure a new reservation.

If a carrier does cancel a passenger's reservation due to (C) 1, 2 or 3, the passenger may take advantage of the provisions found in Rule 100, Passenger Rights (Per Flight Rights Canada).

(D) Passenger's Responsibility

The passenger must arrive at the airport with sufficient time to complete check-in, government formalities, security clearance and the departure process while meeting the time limits detailed in (F) below. Flights will not be delayed for passengers who have not completed any of these pre-boarding requirements. The carrier will not be liable for loss or expense due to the passenger's failure to comply with this provision.

(E) Failure to Occupy Seat

If the passenger does not occupy space which has been reserved by/for him/her and the carrier is not notified of the cancellation of such reservation up to and until the scheduled departure of that particular flight, the carrier will cancel all continuing or return reservations held by the passenger and will not be liable for doing so other than to refund the passenger's ticket in accordance with the applicable fare rule and Rule 125(C), Voluntary Refunds.

(F) Check-in Time Limits

Travel	Recommended check-in time*	Check-in cut off**	Gate to gate cut-off***	Boarding cut-off
From Montreal	90 minutes	45 minutes	45 minutes	30 minutes
From all other stations	60 minutes	45 minutes	N/A	N/A

***Recommended check-in time:** To ensure that the passenger has plenty of time to check in, drop off checked baggage and pass through security, the above table sets out how much in advance of the flight's departure time the passenger should check in.

****Check-in cut-off:** The passenger must have checked in, obtained their boarding pass and **checked all baggage** at the baggage drop-off counter before the check-in deadline for their flight.

*****Gate to gate cut-off:** The passenger must be available for boarding at the boarding gate by the boarding gate deadline, e.g. if the passenger's flight from Montreal to Val-d 'or leaves at 7:45 a.m., the passenger must be at the boarding gate no later than 7 a.m. (i.e., 45 minutes before their flight).

If the passenger fails to meet the time limits specified in the above chart, the carrier may reassign any pre-reserved seat and/or cancel the reservation of the passenger and the carrier may not be able to transport the passenger's baggage. The carrier is not liable to the passenger for loss or expense due to the passenger's failure to comply with this provision.

Note: It is recommended that the passenger provide the carrier with a point of contact (e-mail address and/or telephone numbers) in case the carrier must communicate with the passenger prior to his/her departure or at any point during the passenger's itinerary. A carrier has an obligation to make a reasonable effort to inform its passengers of any delays or schedule changes. (See Rule 90(B) 4.)

Rule 45: Stopovers

(A) General

Stopovers will be permitted under the following conditions:

- (a) Stopovers must be arranged with the carrier in advance and specified on the ticket.
- (b) Specific fare rules may not permit stopovers or limit the number of stopovers allowed or there may be an additional charge for stopovers based on the fare purchased by the passenger. Refer to the rule applicable to the fare in question for further information.
- (c) If a portion of a journey is travelled by surface transportation, a stopover will be deemed to have taken place for such transportation.
- (d) **For travel within Canada** A deliberate interruption of a journey for more than 4 hours will constitute a stopover.

Rule 50: Routings

(A) Application

1. A routing is applicable only to the fares which are specifically associated with it.
2. A routing may be travelled via any or all of the cities named in the routing diagram, unless otherwise restricted.
3. All or part of the applicable routing may result in non-stop travel.
4. An intermediate point(s) specified along the routing may be omitted.
5. All routings are applicable in either direction, unless otherwise restricted.
6. For those routings permitting choice of carrier for carriage between the same points, only one of those carriers may be used.
7. Where no carrier is indicated between two points, travel is limited to Air Creebec Inc.
8. If more than one routing is applicable via the same fare, the passenger, and prior to the issuance of the ticket, may specify the routing. If no routing is specified by the passenger, the carrier will determine the routing.

Rule 54: Interline Baggage Acceptance

Definitions

“Airline Designator Code”

an identification code comprised of two-characters which is used for commercial and traffic purposes such as reservations, schedules, timetables, ticketing, tariffs and airport display systems. Airline designators are assigned by IATA. When this code appears on a ticket, it reflects the carrier that is marketing the flight, which might be different from the carrier operating flight.

“Baggage Rules”

The conditions associated with the acceptance of baggage, services incidental to the transportation of baggage, allowances and all related charges. For example, baggage rules may address the following topics:

- The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;
- The number of checked and unchecked passenger bags that can be transported and the applicable charges;
- Excess and oversized baggage charges;
- Charges related to check-in, collection and delivery of checked baggage;
- Acceptance and charges related to special items, e.g. surf boards, pets, bicycles, etc;
- Baggage provisions related to prohibited or unacceptable items, including embargoes;
- Terms or conditions that would alter or impact the baggage allowances and charges applicable to passengers (e.g. frequent flyer status, early check-in, prepurchasing baggage allowances with a particular credit card); and,
- Other rules governing treatment of baggage at stopover points, including passengers subject to special baggage allowances or charges, etc.

“Down Line Carrier”

Any carrier, other than the selecting carrier, who is identified as providing interline transportation to the passenger by virtue of the passenger’s ticket.

“Interline agreement”

An agreement between two or more carriers to co-ordinate the transportation of passengers and their baggage from the flight of one air carrier to the flight of another air carrier(through to the next point of stopover).

“Interline itinerary”

All flights reflected on a single ticket involving multiple air carriers. Only travel on a single ticket is subject to the Agency’s approach provided the original or the ultimate ticket’s destination is a point in Canada.

“Interline travel”

Travel involving multiple air carriers listed on a single ticket that is purchased via a single transaction.

“Marketing Carrier”

The carrier that sells flights under its code.

“Most Significant Carrier (MSC)”

Is determined by a methodology, established by IATA (Resolution 302)(see Appendix XX), which establishes, for each portion of a passenger’s itinerary where baggage is checked through to a new stopover point, which carrier will be performing the most significant part of the service. For travelers under the Resolution 302 system, the baggage rules of the MSC will apply. For complex itineraries involving multiple checked baggage points, there may be more than one MSC, resulting in the application of differing baggage rules through an itinerary.

“Most Significant Carrier(MSC)-IATA Resolution 302 as conditioned by the Agency”

in this instance, the MSC is determined by applying IATA Resolution 302 methodology as conditioned by the Agency. The Agency’s reservation has stipulated that only a single set of baggage rules may apply to any given interline itinerary. The aim of the Agency’s reservation is to allow the selecting carrier to use the MSC methodology to determine which carrier’s baggage rules apply to an international interline itinerary to or from Canada, while reinforcing the role of tariffs in the determination of which carrier’s rules apply.

“Operating Carrier”

The carrier that operates the actual flight.

“Participating Carrier(s)”

Includes both the selecting carrier and down line carriers who have been identified as providing interline transportation to the passenger by virtue of the passenger’s ticket.

“Selected Carrier”

The carrier whose baggage rules apply to the entire interline itinerary.

“Selecting Carrier”

The carrier whose designator code is identified on the first flight segment of the passenger’s ticket at the beginning of an interline itinerary issued on a single ticket whose origin or ultimate destination is in Canada.

“Single ticket”

A document that permits travel from origin to destination. It may include interline/codeshare and intra-line segments. It may also include end-to-end combinations (i.e., standalone fares that can be bought separately but combined together to form one price).

“Summary page at the end of an online purchase”

A page on a carrier’s Web site which summarizes the details of a ticket purchase transaction just after the passenger has agreed to purchase the ticket from the carrier and has provided a form of payment.

“Ultimate ticketed destination”

In situations where a passenger’s origin is a non-Canadian point and the itinerary includes at least one stop in Canada, as well as at least one stop outside of Canada, the stop in Canada is the farthest checked point and the stop is more than 24hours, the Agency would consider the ultimate ticketed destination to be Canada.

(A) Applicability

This rule is applicable to all interline itineraries issued on a single ticket whose origin or ultimate ticketed destination is in Canada.

It establishes how the carrier will determine which carrier’s baggage rules apply to any passenger’s entire interline itinerary.

(B) General

For the purposes of interline baggage acceptance:

- i. The carrier whose designator code is identified on the first segment of the passenger’s interline ticket will be known as the selecting carrier.
- ii. Any carrier who is identified as providing interline transportation to the passenger by virtue of the passenger’s ticket will be known as the participating carrier.

(C) Baggage Rule Determination by Selecting Carrier

Checked Baggage

The selecting carrier will:

- a) Select and apply its own baggage rules as set out in its tariff to the entire interline itinerary.

OR

- b) Select the Most Significant Carrier, as determined by the IATA Resolution 302 and conditioned by the Canadian Transportation Agency, in order for that carrier's baggage rules, as established in its tariff, to apply to the entire interline itinerary.

The carrier identified by means of a) or b) will be known as the selected carrier.

Carry-On Baggage

Each operating carrier's carry-on baggage allowances will apply to each flight segment in an interline itinerary. Notwithstanding, the carry-on baggage charges that will apply to the entire interline itinerary will be those of the selected carrier.

(D) Baggage Rule Application by Participating Carrier

Where the carrier is not the selected carrier on an interline itinerary but is a participating carrier that is providing transportation to the passenger based on the ticket issued, the carrier will apply as its own the baggage rules of the selected carrier throughout the interline itinerary.

(E) Disclosure of Baggage Rules

Summary Page at the end of an Online Purchase and E-Ticket Disclosure

1. For baggage rules provisions related to a passenger's 1st and 2nd checked bag and the passenger's carry-on baggage (i.e., the passenger's "standard" baggage allowance), when the carrier sells and issues a ticket for an interline itinerary, it will disclose to the passenger on any summary page at the end of an online purchase and on the passenger's itinerary/receipt and e-ticket at the time of ticketing the baggage information relevant to the passenger itinerary as set out in paragraph 2. below. The disclosed information will reflect the baggage rules of the selected carrier.
2. The carrier will disclose the following information:
 - a) Name of the carrier whose baggage rules apply;
 - b) Passenger's free baggage allowance and/or applicable fees;

- c) Size and weight limits of the bags, if applicable;
 - d) Terms and conditions that would alter or impact a passenger's standard baggage allowances and charges (e.g. frequent flyer status, early check-in, pre-purchasing baggage allowances with a particular credit card);
 - e) Existence of any embargoes that may be applicable to the passenger's itinerary; and,
 - f) Application of baggage allowances and charges (i.e., whether they are applied once per direction or if they are applicable at each stopover point).
3. The carrier will provide this information in text format on the passenger's e-ticket confirmation. Any fee information provided for carry-on bags and the first and second checked bag will be expressed as specific charges (i.e., not a range).

Website Disclosure

The carrier will disclose on its Website, in a convenient and prominent location, a complete and comprehensive summary of all of the carrier's own baggage rules, including information concerning:

- a) The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;
- b) The number of checked and unchecked passenger bags that can be transported and the applicable charges;
- c) Excess and oversized baggage charges;
- d) Charges related to check in, collection and delivery of checked baggage;
- e) Acceptance and charges related to special items, e.g. surf boards, pets, bicycles, etc.
- f) Baggage provisions related to prohibited or unacceptable items, including embargoes;

- (k) The person has resisted or may reasonably be believed to be capable of resisting escorts.

2. Carrier Response to Prohibited Conduct

Where, in the exercise of its reasonable discretion, the carrier decides that the passenger has engaged in prohibited conduct described above, the carrier may impose any combination of the following sanctions:

- (a) Removal of the passenger at any point.
- (b) **Probation:** At any time, the carrier may stipulate that the passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the carrier to provide transport to the passenger. Such probationary conditions may be imposed for any length of time which, in the exercise of the carrier's reasonable discretion, is necessary to ensure the passenger continues to avoid prohibited conduct.

- (c) **Refusal to Transport the Passenger:** The length of this refusal to transport may range from a one-time refusal to a longer period determined at the reasonable discretion of the carrier in light of the circumstances. Such refusal will be for a period appropriate to the nature of the prohibited conduct and until the carrier is satisfied that the passenger no longer constitutes a threat to the safety of other passengers, crew or the aircraft or to the comfort of other passengers or crew; the unhindered performance of the crew members in their duty onboard the aircraft; or safe and adequate flight operations.
- (d) The following conduct will automatically result in a refusal to transport, up to a possible lifetime ban:
- (i) The person continues to interfere with the performance of a crew member's duties despite verbal warnings by the crew to stop such behavior.
 - (ii) The person injures a crew member or other passenger or subjects a crew member or other passenger to a credible threat of injury.
 - (iii) The person displays conduct that requires an unscheduled landing and/or the use of restraints such as ties and handcuffs.
 - (iv) The person repeats a prohibited conduct after receiving a notice of probation as mentioned in 2 above.

These remedies are without prejudice to the carrier's other rights and recourses, namely to seek recovery of any damage resulting from the prohibited conduct or as otherwise provided in the carrier's tariffs, including recourses provided in the carrier's frequent flyer program or the filing of criminal or statutory charges.

(C) Recourse of the Passenger/Limitation of Liability

1. The carrier's liability in case of refusal to carry a passenger for a specific flight or removal of a passenger en route for any reason specified in the foregoing paragraphs will be limited to the recovery of the refund value of the unused portion of the passenger's ticket in accordance with Rule 125 (B), Involuntary Refunds.
2. A person who is refused carriage for a period of time, up to a lifetime ban, or to whom a probation notice is served may provide to the carrier, in writing, the reasons why he/she believes they no longer poses a threat to the safety or comfort of passengers or crew, or to the safety of the aircraft. Such document may be sent to the address provided in the refusal to carry notice or the notice of probation.
3. The carrier will respond to the passenger within a reasonable period of time providing carrier's assessment as to whether it remains necessary to continue the ban or maintain the probation period.

Rule 110: Passenger Expenses En Route

N/A to Carrier-please refers to Rule 90 for related information.

Rule 115: Tickets

(A) General

1. A ticket will not be issued and the carrier will not carry the passenger unless the passenger has paid the applicable fare or has complied with all credit arrangements.
2. Before boarding, the passenger must present the carrier with proof that he/she has been issued a valid ticket for the flight. Such proof must be in the form of an itinerary/receipt, a record locator or reservation number, or boarding pass and the passenger must provide the carrier with positive identification to be entitled to transportation. The ticket will give the passenger the right to transportation only between the points of origin and destination, and on the dates, times and via the routing shown on the electronic ticket.
3. Flight coupons will be honored only in the order, in which they are displayed on the passenger's ticket and stored in the carrier's database.
4. The ticket remains at all times the property of the carrier which issued the ticket.
5. The carrier does not permit the passenger to hold more than one confirmed reservation/ticket on the same departure flight/origin and destination for the same travel date.

(B) Validity for Carriage

1. **General:** When validated, the ticket is good for carriage from the airport of departure to the airport of destination via the route shown on the ticket, for the applicable class of service and is valid for the period of time referred to in 2 below. The passenger will be accepted for carriage on the date and flight segments for which a seat has been reserved. When flight segments are issued on an “**open date**” basis (see Rule 120(G) below), a seat will be reserved only when the passenger makes a reservation request with the carrier. The carrier's agreement to accept a reservation request is subject to the availability of space. The place and date of issue are then indicated on the ticket.
2. **Period of Validity:** The period of validity for transportation will be one year from the date on which the ticket was issued. However, certain fares may have different periods of validity. If this is the case, the specific rules associated with the fare will take precedence.
3. **Computation of the Ticket Validity:** When computing the ticket validity i.e., the minimum/maximum stays and any other calendar periods set out in the ticket, the first day to be counted will be the day following the date that the ticket was issued.
4. **Expiration of Validity:** Tickets expire at midnight on the last day of validity based on where the ticket was issued.

(C) Extension of Ticket Validity

1. **Carrier's Operations:** If a passenger is prevented from travelling within the period of validity of his/her ticket because the carrier:
 - (a) Cancels the flight upon which the passenger holds confirmed space;
 - (b) Omits a scheduled stop, provided this is the passenger's place of departure, place of destination, or place of stopover;
 - (c) Fails to operate a flight reasonably according to schedule;
 - (d) Causes the passenger to miss a connection;
 - (e) Substitutes a different class of service;
 - (f) Is unable to provide previously confirmed space.

The carrier will, without collecting any additional fare, extend the validity of the passenger's ticket until the passenger can travel on the first flight of the carrier, in the class of service which the passenger's fare was paid, and for which space is available. Validity can only be extended up to 30 days.

2. **Lack of Space:** If the passenger who is in possession of a ticket is prevented from travelling within the period of validity of his/her ticket because the carrier is unable to provide space, the validity of the passenger's ticket will be extended until he/she can be re-accommodated on the first flight which has space available in the same class of service which the passenger had originally paid to travel.
3. **Medical Reason:** If the passenger is unable to commence travel due to medical reasons, the carrier will extend the period of validity beyond the original validity expiry date for a maximum of three months. A ticket can only be extended once and the extension must be requested within 30 days prior to the expiry date of the original ticket validity. The medical reason must be certified in writing by a physician specifying that the passenger is prevented from commencing his journey before his/her original ticket expires.

(D) Waiver Minimum/Maximum Stay Provision

1. **In the Event of Death of a Family Member Not Accompanying the Passenger**

If the passenger holding a special fare ticket returns prior to the expiry of the minimum stay requirement because of the death of an immediate family member not accompanying the passenger, the passenger will be entitled to a refund of the additional amounts paid in order to return early, provided the passenger traveled in the economy cabin. However, no refund will be permitted unless the passenger produces a death certificate confirming that the death of the family member occurred after the commencement of travel.

2. In the Event of a Passenger's Death – Provisions for Accompanying Passengers

(a) **Extension of Ticket Validity (Beyond 1 Year) for Normal Fares and Waiver of the Maximum Stay Requirements of Special Fares**

The carrier will extend the ticket validity for passengers who are either members of the immediate family of the deceased passenger or are other persons actually accompanying the deceased passenger for up to 45 days beyond the original ticket validity expiry date or 45 days after the date of death of the passenger, whichever date occurs first.

A death certificate or a copy, duly executed by the competent authorities in the country in which the death occurred, must be presented at the time of re-ticketing. A competent authority is a person designated to issue a death certificate by the laws of the country concerned.

If the death certificate is not available at the time the passengers are to travel, or, if the carrier has reason to doubt the validity of such certificate, passengers will be accommodated only upon payment of the fare for the transportation used, and a request for refund may be filed with the carrier. Upon receipt of the request for refund and all supporting documents, the carrier will determine the validity of the request and, if valid, will refund the difference between the total fare paid by the passengers and the amount the passengers would have paid under the provision of this rule.

(b) **Waiver of Minimum Stay Requirements – Special Fares**

In the event of the death of a passenger en route, the minimum stay and group travel requirements with regard to special fares will be waived for passengers who are either members of the immediate family of the deceased passenger or are other persons actually accompanying the deceased person.

Passengers who have had their minimum stay requirement waived will only be accommodated in the class of service originally ticketed.

A death certificate or a copy, duly executed by the competent authorities, in the country in which the death occurred must be presented at the time of re-ticketing. A competent authority is a person designated to issue a death certificate by the applicable laws of the country concerned.

If the death certificate is not available at the time the passengers are to travel, or, if the carrier has reason to doubt the validity of such certificate, passengers will be accommodated only upon payment of the fare applicable to the transportation used, and a request for refund may be filed with the carrier. Upon receipt of the request for refund and all supporting documents, the carrier will determine the validity of the request and, if valid, will refund the difference between the total fare paid by the passengers and the amount the passengers would have paid under the provision of this rule.

3. Medical Reasons and Illness

(a) Ticket Extension:

In the case of Normal fares, if, after the passenger commences travel and is prevented from travelling within the period of validity of the ticket because of illness, the carrier will extend the period of validity of the passenger's ticket until the date when the passenger becomes fit to travel according to a medical certificate. Should space not be available when the passenger becomes fit to travel, the carrier will re-accommodate the passenger on the first flight on which space is available. In all cases, travel will be in the same class of service which the passenger had originally paid to travel from the point where the journey is resumed. However, when the remaining flight coupons of the ticket involve one or more stopovers, the validity of the ticket will not be extended for more than three months from the date shown on the medical certificate. In these circumstances, the carrier will also extend the period of validity of the tickets of persons travelling with the incapacitated passenger.

In the case of Special fare tickets, the carrier will extend the validity of the tickets until the date of the first available flight after the passenger becomes fit to travel according to the medical certificate, but not more than seven days beyond the date when the passenger becomes fit to travel.

(b) Waiver of the Minimum Stay Requirement for Special Fares:

In the event of illness, there will be no reduction or waiver of the required minimum stay.

(E) Upgrading (Changing from a Lower to a Higher Fare Ticket)

1. Before travel commences, a passenger may upgrade to a fare of higher value to travel to any of the carrier's destinations provided travel is in accordance with 3 below.
2. Penalties and additional charges will be charged accordingly when a fare is upgraded in accordance with 1 above.
3. Passengers upgrading in accordance with 1 above, may do so provided:
 - (a) Ticketing and advance purchase requirements of the new fare have been met; and
 - (b) Travel is via Air Creebec and
 - (c) Reservations have been booked in the appropriate class of service of the new fare; and
 - (d) The difference in fares has been paid.

4. The original fare paid (including all additional charges) will be used as a full credit towards the fare for the upgraded journey.
5. In the event travel at the new fare is subsequently changed and/or cancelled, the higher fee(s) for either the originally purchased or new fare shall be assessed.

Exception: For travel which has been upgraded to a fare type which has no associated fees, changes may be made without additional charge; however, the cancellation fee from the original fare will be applied to the new upgraded fare.

(F) Coupon Sequence

Flights appearing on the passenger's itinerary receipt and in the carrier's database must be used in sequence from the place of departure as shown on the passenger's ticket. Each flight coupon will be accepted for transportation in the class of service on the date and flight for which space has been reserved.

(G) Open Tickets

If a ticket or a flight coupon is issued without a specific date on a flight being reserved in the carrier's reservation system, i.e. left open, space may be later reserved subject to the tariff conditions of the purchased fare and provided space is available on the flight requested.

(H) Non-transferability

A ticket is not transferable.

Note: The carrier will not be liable to the person named on the ticket if the ticket is either presented for transportation or for a refund by another person. The carrier will refuse transportation to any person other than the person named on the ticket.

(I) Prohibited Practices

The carrier specifically prohibits the practice commonly known as:

Hidden City or Point Beyond Ticketing: The purchase of a fare from a point before the passenger's actual point of origin or to a point beyond the passenger's actual destination.

Use of this practice will result in the passenger's reservation being cancelled and the passenger will not be entitled to a refund.

(J) Invalidated Tickets

If the passenger attempts to circumvent any term or condition of sale or the carrier determines that the passenger is making use of any of the prohibited practices specified in (H) above, this will cause the passenger's ticket to be invalid and the carrier will have the right to:

- (a) Cancel any remaining portion of the passenger's itinerary; and
- (b) Confiscate unused flight coupons; and
- (c) Refuse to board the passenger or check the passenger's baggage; and/or
- (d) Charge the passenger for the true value of the ticket, which shall be no less than the difference between the fare actually paid and the lowest fare for the passenger's actual itinerary.

(K) Lost Tickets

The carrier issues an electronic ticket number to confirm a reservation. An itinerary receipt duplicate (a copy of the electronic ticket) may be obtained from the carrier upon request if one of the following is provided to the carrier: record locator, ticket number, flight number and travel date, with the origin and destination, or the credit card that was used to pay for the electronic ticket.

Assistance offered to the passenger by the carrier's employees in loading, unloading or transferring unchecked baggage shall be considered as complimentary service to the passenger. The carrier is not liable for damage to such unchecked baggage incurred during, or, as a result of this service, unless such damage is caused by the negligence of the carrier's employees.

However, the carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage.

3. Any claim against a carrier will be extinguished unless an action is brought within two years reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage stopped. For baggage claims, reimbursement for expenses will be based upon acceptable proof of claim.

(E) Overriding Law

If any provision contained or referred to in the ticket or this tariff is found to be contrary to an applicable law, government regulation, order or requirement, which cannot be waived by agreement of the parties, such provision, to the extent that it is invalid, shall be severed from the ticket or tariff and the remaining provisions shall continue to be of full force and effect.

2. The carrier will make a refund to the person who purchased the ticket.
3. If, at the time of ticket purchase, the purchaser designates another person to whom the refund shall be made, then the refund will be made to the person so designated. To do so, the passenger must contact the carrier directly.
4. Acceptance of a refund by the passenger will release the carrier from further liability.
5. In any instance where refunds are appropriate, the carrier will process requests in a timely manner and refund the fare in the original form of payment. The carrier will process refund requests within 10 business days.

(B) Involuntary Refunds

1. Involuntary refunds are not subject to any restrictions contained in the applicable fare rule.

 - (b) If, due to a schedule irregularity within the carrier's control or denied boarding in accordance with Schedule Irregularities Rule 90(C) 2(d) and Denied Boarding Rule 95(D) 4., the passenger chooses to no longer travel because the alternate transportation offered does not meet with the passenger's satisfaction, the carrier will offer a refund equal to the fare and charge paid.

If the passenger was travelling on a round trip or circle trip ticket, the amount refunded would be based on the rate of discount of one half of the round trip fare; or,
 - (iii) If the point where the passenger terminated travel was not on the routing specified on the ticket, the refund will be based on the lowest applicable fare of any air carrier operating between the point where the passenger terminated travel to the destination or next stopover point named on the ticket or to the point at which transportation is to be resumed.
3. Involuntary refund of tickets shall be made in the currency used to issue the ticket.
